€ Cables MVAC (Distribution-Site)
User Inputs
Load Power Factor (pf)
Number of chargers (n)
Power per charger (P) [kW]
Grid connection capacity (G) [kVA]
Max LV connection power [kVA]
Transformer present on premises?
Available MV/LV transformer capacity [kVA]
MV level (V_MV) [kV]
Simultaneity factor (f)
Distance to MV access point [m]
